Introduction

The President of South Africa, Mr Cyril Ramaphosa has in terms of Section 84 (2)(d) of the Constitution of the Republic of South Africa, 1996, read with Rule 7(1)(a) of the Joint Rules of Parliament, called a Joint Sitting of the Houses of Parliament for Thursday, 11 February 2021, at 19:00, to deliver the State of the Nation Address.

The Parliament precinct during the Covid-19 Pandemic

- ❑ Parliament has established a COVID-19 Rapid Response Team that is fully functional in order to assist it with the Management of the COVID-19 pandemic. An approved Policy on COVID-19 Management, established screening processes and Health and Safety measures in place to ensure the precinct is safe.
- ❑ The infection rate amongst staff has been well managed during the First Wave of Infections, from March till 15 December 2020 Parliament had 29 Infections, 28 recoveries and one fatality. The measures put in place enabled the establishment of a database for monitoring.

The Parliament precinct cont..

- ❑ Parliament was able to navigate through the different alert levels of lockdown from level 5 through 1. There were also strengthened COVID-19 systems and processes during the peak of the infections in Cape Town (Wellness Support and response, Therapeutic Sessions etc.).
- ❑ December 2020, saw the onset of the second wave of COVID-19 infections with a new strain identified, leading to a resurgence in infections placing a huge burden on the Health Sector. This led to an increase of fatalities of both MP and Staff.
- ❑ Consequently, a total of thirteen (13) Members of Parliament and five (5) staff members passed away due to COVID-19 (inclusive of 1st and 2nd wave). These numbers exclude party political staff as well as contractors.

The Parliament precinct cont..

- ❑ Parliament has maintained its protocols similar to those under alert level 5 and also aligned its responses to regulations laid down by the National Coronavirus Command Council. The protocols will continue to protect Parliament and assist in the mitigation of the risk of infections.
- ❑ The resident Doctor has advised that the number of people coming to the Precinct should remain at a minimum to contain the spread.

Management of COVID-19 for SONA

- A Wellness Plan has been developed. It includes a process flow for case management.
