

SANDILE NXELE

PROFESSIONAL SUMMARY

Professional Military Practitioner with over 18 years of experience in defence operations, tactical support, logistics coordination, personnel supervision, and emergency response within the South African National Defence Force. Skilled in operational planning, intelligence analysis, leadership, and maintaining high levels of discipline and combat readiness. Proven ability to manage teams, coordinate resources, and perform effectively in high-pressure environments while ensuring compliance with military procedures and safety standards. Strong communicator with excellent problem-solving, organisational, and crisis management abilities.

EXPERIENCE

Military Practitioner

SANDF Lenasia ASB JHB Support Base

2008 - To date

Responsibilities:

- Conducting training exercises to maintain readiness and proficiency in combat skills, equipment operation and tactics.
- Contributing to strategic efforts including analysing threats, assessing capabilities and developing strategies to achieve military objectives.
- Engaging in combat situations, executing missions and ensuring the safety and success of military operations.
- Ensuring adherence to national and international laws, rules of engagement and ethical standards.
- Gathering and analysing intelligence to support decision-making and operational planning.
- Handling administrative tasks such as personnel management, record keeping and coordinating schedules.
- Leading and supervising subordinates, providing guidance and ensuring discipline and morale within their units.
- Managing logistics including transportations, supply chain and maintenance of equipment and facilities.
- Participating in community outreach programmes and building positive relationships with civilians.
- Providing support and assistance to civilian authorities during natural disasters, humanitarian crises or other emergencies.
