“(xxvi) concluding subsidised service contracts, commercial service contracts, [and] negotiated contracts, and stopgap contracts contemplated in section [41(1)] 41A with operators for services within their areas, subject to subsections (6) and (9)
and after following the prescribed procedures: Provided that the municipality meets the requirements and criteria prescribed by the Minister under subsection (10)(d) and the Minister has certified in writing that it has complied;

(i) by the substitution for subsection (2) of the following subsection: “(2) The Minister may assign [any] the function contemplated in subsection (1)(a)(viii) to a province or municipality, subject to sections 99 and 156(4) of the Constitution and sections 9 and 10 of the Systems Act, to achieve the objectives of the Constitution and this Act.”;

(j) by the deletion of subsections (3) and (5);

(k) by the substitution for subsection (4) of the following subsection: “(4) Any municipality may request the Minister [or MEC] to assign [a] the function contemplated in subsection (1)(a)(viii) [or (b)] to it, subject to section 156(4) of the Constitution and sections 9 and 10 of the Systems Act, where such municipality has an acceptable integrated transport plan.”;

(l) by the substitution for subsection (6) of the following subsection: “(6) Where a province is performing a function contemplated in subsection (1) the function of acting as contracting authority for contracts concluded under the Transition Act on the date of commencement of this Act, it must continue performing that function, [unless that function is assigned to a municipality by the Minister] until those contracts have lapsed or expired or been cancelled, or replaced by other contracts or arrangements in terms of this Act.”; and

(m) by the addition of the following subsections:

“(8) Where a subsidised service contract, interim contract, current tendered contract or negotiated contract was concluded in terms of the Transition Act, in this subsection called ‘an old order contract’, and is still in force, and a municipality has not yet concluded one or more contracts to replace the old order contract or is not in the process of negotiating with operators to do so, the relevant province must engage with the operator concerned and the municipality or municipalities in whose areas the services are provided to ensure that either the province or the municipality concludes appropriate new contracts to replace all old order contracts: Provided that the municipality complies with the criteria and requirements prescribed by the Minister under subsection 10(d).

(9) The contracts referred to in subsection (1)(b)(viiA) and (1)(c)(xxvi)—

(a) must be designed in accordance with the integrated transport plans of the relevant municipalities, if such plans have been prepared and submitted to the MEC in terms of section 36(1); or

(b) must be designed by the province in collaboration with the municipality, where such a plan has not been prepared and submitted to the MEC, as part of a capacity building programme for the municipality to conclude or manage the contracts or parts or aspects thereof, where those municipalities lack the necessary capacity.

(10) For the purposes of subsections (1)(b)(viiA) and (1)(c)(xxvi), the Minister—

(a) may prescribe a process or procedures to be followed in negotiating or tendering for the contracts;

(b) may issue directives in terms of section 5(6) to provinces or municipalities to initiate, expedite or facilitate contracting arrangements;

(c) must consult with the MEC, where appropriate, who must ensure that there is connectivity between services provided in different municipal areas to promote seamless movement of passengers; and

(d) may prescribe requirements and criteria with which municipalities must comply in order to conclude contracts contemplated in subsection (1)(c)(xxvi), in consultation with the Minister responsible for local government matters, which may include, but not limited to the following:
(i) that the Municipality concerned has prepared an acceptable integrated transport plan;
(ii) that the municipality possesses the necessary capacity to enter into and manage such contracts; and
(iii) that the quantity and nature of subsidised public transport services, the demographics and size and distribution of population in the area, among other relevant factors, will justify the contract or contracts.”.

Amendment of section 13 of Act 5 of 2009

8. Section 13 of the principal Act is hereby amended—
   (a) by the deletion in subsection (1) of the word “and” at the end of paragraph (d), the addition of the word “and” at the end of paragraph (e) and the addition of the following paragraphs:
      “(f) members of the South African Police Service contemplated in section 5(2) of the South African Police Service Act, 1995 (Act No. 68 of 1995), including members of metropolitan and municipal police services contemplated in Chapter 12 of that Act; and

(b) by the deletion of subsection (2).

(c) by the substitution of the following for subsection (3):

‘‘(3) The Minister may make regulations providing for the transition of existing contracting arrangements and the transfer of the contracting function in terms of this section, section 11 or section 41, including the transfer or amendment of existing permits or operating licences to give effect to its the provisions of the aforesaid sections in the case of an assignment under section 11(2).’’

Substitution of section 47 of Act 5 of 2009

26. The following is hereby substituted for section 47 of the principal Act:

‘‘Conversion of permits to operating licences and of indefinite period operating licences to definite period licences, and rationalisation of operating licences

47. (1) All permits and operating licences issued before the date of commencement of this Act, issued for a definite period remain valid but lapse when that period expires, provided that if such permit or operating licence is still valid on a date calculated as seven five years from the date of commencement of this Act the National Land Transport Amendment Act.’’
Act, 2016, it will lapse on that date unless converted in the case of a permit, or renewed in the case of an operating licence, before that date.

(2) All permits and operating licences issued for an indefinite period remain valid, subject to sections 48 and 49, but lapse [seven] five years after the date of commencement of [this Act] the National Land Transport Amendment Act, 2016, but the holder may apply within that period in the case of a permit for its conversion to an operating licence, or, in the case of an operating licence, for its renewal, to the entity that is responsible for receiving applications for operating licences for the relevant services.

(3) Despite subsections (1) and (2), where the services authorised by a permit or operating licence were not provided continuously for 180 days prior to the date of commencement of this Act, the permit or operating licence must be cancelled by following the procedure in section 78.

(4) The holder of any permit or operating licence that lapses or is cancelled in terms of this Part is not entitled to any compensation by virtue of its lapsing.

(5) No operator may receive any subsidy or other financial assistance from any sphere of government, unless that operator’s permits, where applicable, have been rationalised in terms of this section and sections 48 and 49.

(6) Regulatory entities must take immediate steps to put in place the necessary administrative processes to convert permits and renew operating licences to implement this section.

(7) The Minister may make regulations providing for—

(a) procedures for conversion of permits and renewal of operating licences as contemplated in this section; and

(b) other procedural or other administrative arrangements to implement the matters contemplated in this section.’’.

Amendment of section 48 of Act 5 of 2009

27. Section 48 of the principal Act is hereby amended by the substitution for subsection (2) of the following subsection:

“(2) (a) In the case of permits for scheduled non-contracted services specified in integrated transport plans, the Minister may make regulations, after consulting the National Public Transport Regulator, providing a process for the integration of those services with contracted services, and in the process converting them to commercial service contracts.

(b) The integration and conversion contemplated in paragraph (a) must be done by the National Public Transport Regulator.

(c) The regulations contemplated in paragraph (a) may differ in respect of different types of services, different areas or peak periods as opposed to off-peak periods.”’.

Amendment of section 49 of Act 5 of 2009

28. Section 49 of the principal Act is hereby amended—

(a) by the substitution for subsection (1) of the following subsection:

“(1) Permits and operating licences issued for minibus taxi-type services remain valid, subject to section 47(1) and (2) [and subsection (3) of this section].’’;

(b) by the substitution in subsection (2) for paragraph (b) of the following paragraph:

“(b) acquire a new vehicle that complies with the Department’s requirements for recapitalisation and with the National Road Traffic Act, in which case the operator shall be entitled to an operating licence for the new vehicle authorising the same services on submission of a valid tax clearance certificate, and such operating licence must specify in detail the route or routes to be operated,
which must be those operated by the operator for the period of 180

days prior to the date of application, and the holder must submit the

permit or operating licence for the replaced vehicle to the

Department for cancellation: Provided that where the new vehicle

has more capacity than the replaced vehicle the Minister may

prescribe that more than one permit or operating licence held by that

holder must be surrendered for cancellation to make up for the

increase in capacity of the new vehicle.”

(b) by the deletion of paragraph (c) of subsection (2); and

(c) by the deletion of subsection (3).

Substitution of section 51 of Act 5 of 2009

29. The following is hereby substituted for section 51 of the principal Act:

“Entities that must issue operating licences

51. An operating licence must only be issued on application made in

terms of this Act by the National Public Transport Regulator, a Provincial

Regulatory Entity or a municipality to which the operating licence

function has been assigned, Municipal Regulatory Entity as the case may

be, after considering all of the factors mandated by this Act.”.

Amendment of section 53 of Act 5 of 2009

30. Section 53 of the principal Act is hereby amended—

(a) by the insertion in subsection (1) after paragraph (b) of the following

paragraph:

employer contemplated in section 68(3);”;

(b) by the substitution in subsection (1) for paragraph (c) of the following

paragraph:

“(c) farmers carrying their own workers from one place where they

perform work in the course of their farming activities to another

place where they will perform such work in vehicles of which they

are the sole owners;”;

(c) by the addition after subsection (1) of the following subsection:

“(1A) The exemptions contemplated in subsection (1)

(bA), (c), (d),

(f) and (g) will not apply where the relevant conveyance is provided for

a fare or any other consideration or reward.”; and

(d) by the substitution for subsection (2) of the following subsection:

“(2) The MEC may make regulations providing for information to be

recorded or provided to the National Public Transport Regulator, Provincial

Regulatory Entity, municipality to which the operating licence function

has been assigned, Municipal Regulatory Entity or other persons or institutions

regarding conveyance in terms of a service

contemplated in subsection (1).”.

Amendment of section 54 of Act 5 of 2009

31. Section 54 of the principal Act is hereby amended by the substitution for

subsection (2) of the following subsection:

“(2) A person wishing to undertake a service provided wholly within the area of

jurisdiction of a Municipal Regulatory Entity must apply to that Entity.”.

Amendment of section 56 of Act 5 of 2009

32. Section 56 of the principal Act is hereby amended by the substitution for

subsection (1) of the following subsection:

“(1) Where a contracting authority has concluded a negotiated contract,

subsidised service contract or commercial service contract with an operator, or a

stopgap contract contemplated in section 41A, the relevant regulatory entity,

must issue to the operator an operating licence for each vehicle involved in the
contract, or where the operator already holds an operating licence for such a vehicle, such entity must amend the operating licence if necessary to accommodate the services in the contract.”.

Amendment of section 57 of Act 5 of 2009

33. Section 57 of the principal Act is hereby amended—

(a) by the deletion in subsection (1) of the word “and” at the end of paragraph (e) and the insertion after paragraph (e) of the following paragraphs:

“(eA) recommendations or documents submitted with the application by the applicant or any other interested party;

(eB) particulars recorded in terms of section 21(1)(g) or 24(1)(c);

(eC) whether the applicant has contravened any code of conduct for operators prescribed under section 8(1)/(B), or the drivers employed by that holder habitually contravene any code of conduct for drivers so prescribed; and”.

(b) by the insertion in subsection (2)(b) after subparagraph (v) of the following subparagraphs:

“(vA) particulars recorded in terms of section 18(6);

(vB) whether the applicant has contravened any code of conduct for operators prescribed under section 8(1)/(B), or the drivers employed by that holder habitually contravene any code of conduct for drivers so prescribed; and”.

Amendment of section 59 of Act 5 of 2009

34. Section 59 of the principal Act is hereby amended—

(a) by the substitution for the heading of the following heading:

“Publication of [decisions] applications”; and

(b) by the substitution for subsection (1) of the following subsection:

“(1) Regulatory entities must, in the prescribed manner, give notice of receipt of an application for or in connection with an operating licence, exception an application for a contracted service contemplated in section 56, an application to renew an operating licence under section 58, an application to replace a vehicle under section 73, an application for a temporary operating licence contemplated in section 60 or any other application that is prescribed as not requiring such publication, and in that notice state the prescribed particulars and allow interested persons an opportunity to comment and make representations within the prescribed period.”.

Amendment of section 60 of Act 5 of 2009

35. Section 60 of the principal Act is hereby amended—

(a) by the substitution for subsection (2) of the following subsection:

“(2) A holder of an operating licence or permit who is not authorised by subsection (1)(a) or (b) to undertake a service to or from a special event, [may] must apply to the prescribed entity for a temporary operating licence in the prescribed manner, and need not comply with section 62(1)(b), (c) or (f) in relation to such an application.”;

(b) by the substitution in subsection (9) for the words preceding paragraph (a) of the following words:

“The Minister [must] may make regulations providing that temporary operating licences in terms of this section may be granted and issued by municipalities or other bodies, institutions or officials specified in the regulations on application, after consulting those municipalities or other bodies or institutions, and may also provide for——”;

(c) by the addition of the following subsection:

“(10) A regulatory entity may delegate its functions in terms of this section to an official or member of the entity.”.
Amendment of section 62 of Act 5 of 2009

36. Section 62 of the principal Act is hereby amended by the deletion of paragraph (f) of subsection (1).

Amendment of section 64 of Act 5 of 2009

37. Section 64 of the principal Act is hereby amended by the substitution for subsection (1) of the following subsection:

“(1) An operating licence may only be issued to and held by—

(a) the person registered, in terms of the National Road Traffic Act, as the owner or operator of the vehicle, as defined in that Act, and specified in the operating licence; or

(b) a tourist transport operator accredited in terms of section 81, if the vehicle complies with section 84, even if another person is so registered as the owner or operator of the vehicle.”.

Amendment of section 66 of Act 5 of 2009

38. Section 66 of the principal Act is hereby amended—

(a) by the deletion of subsection (2); and

(b) by the deletion in subsection (4) of the word “and” at the end of paragraph (c) and the insertion of the following paragraph in that subsection after paragraph (c):

“(cA) standards or requirements for meters or electronic hailing applications or similar technology, where such applications or technology either operate in tandem with a meter or without a meter, to be installed in or applied by metered taxis, as prescribed including the following:

(i) the manner in which the meter must be calibrated and sealed after calibration;

(ii) prescribing measures to ensure accurate readings of meters and such applications or technology;

(iii) prescribing information regarding the driver that must be communicated to the passenger; and

(iv) prescribing information that the meter, electronic hailing applications or similar technology must provide to passengers.”;

(c) by the addition of the following subsections:

“(5) Meters, electronic hailing applications or similar technology must—

(a) have the facility to estimate distances and fares, taking into account distance and time, and communicating such estimate to passengers in advance, and

(b) communicate the fare to the passenger at the conclusion of the journey;

(6) A meter must be installed where an electronic hailing application or similar technology will not be able to function optimally in areas where the metered taxi concerned is licensed to operate.”.

Amendment of section 67 of Act 5 of 2009

39. Section 67 of the principal Act is hereby amended—

(a) by the insertion of the following subsection after subsection (1):

“(1A) Before granting an application for an operating licence authorising a charter service, the relevant regulatory entity must be satisfied that—

(a) there will be a need for the charter service or services applied for by the operator that cannot be supplied by any other type of public transport service already being provided; or

(b) the service will be provided on a regular basis in terms of a contract, letter of appointment or other arrangement;
and must refuse the application if not so satisfied, and if it grants the application, must attach appropriate conditions to prevent abuse of the licence.”;

(b) by the deletion of subsection (3); and

(c) by the addition of the following subsection:

“(4) When converting a permit authorising services described as “organized parties” to an operating licence under section 47, the relevant regulatory entity must describe the services in the operating licence as charter services if they fall within the definition of such services in section 1.”.

Amendment of section 68 of Act 5 of 2009

40. Section 68 of the principal Act is hereby amended by the addition of the following subsections:

“(3) Where a staff service is provided by means of a vehicle owned by the employer and the employees are not charged any fare, consideration or reward for the conveyance, an operating licence is not required for the conveyance.

(4) Where a staff service is provided by means of a vehicle in terms of a contract between the employer and an operator, the operator requires an operating licence, but applications relating to such a service need not be published in terms of section 59.”.

Amendment of section 73 of Act 5 of 2009

41. Section 73 of the principal Act is hereby amended by the substitution for subsection (2) of the following:

“(2) The authorised official must allow the replacement and issue to the holder an amended operating licence, or in the case of a permit, a new operating licence, subject to sections 47, 48 and 49, if the replacing vehicle—

(a) is a motor car, minibus or midibus; or

(b) in the case of a bus, has the same capacity as or less capacity than the replaced vehicle or a capacity which does not exceed that of the replaced vehicle by more than 40%; and

(c) is properly licensed and certified as roadworthy in compliance with the National Road Traffic Act.”.

Amendment of section 74 of Act 5 of 2009

42. Section 74 of the principal Act is hereby amended by the substitution in subsection (1) for paragraph (a) in of the following paragraph:

“(a) The entity that issued an operating licence or an [employee] official authorised by it may, on application by the holder, grant written authorisation, where the vehicle specified in that operating licence or permit has become defective temporarily, or where the vehicle has been sold, stolen or destroyed and the operator is in the process of obtaining a replacement vehicle, for the holder to use another vehicle in place of the defective sold, stolen or destroyed vehicle, subject to subsections (2), (3) and (6).”.

Amendment of section 75 of Act 5 of 2009

43. Section 75 of the principal Act is hereby amended by the deletion of subsection (3).

Amendment of section 79 of Act 5 of 2009

44. Section 79 of the principal Act is hereby amended—

(a) by the substitution in subsection (2) for the words preceding paragraph (a) of the following words:

“Subject to subsection (3), in the case of an operating licence or permit that has not been granted on the basis of a contract, the relevant entity may, at any time, withdraw, amend or suspend the operating licence or
permit for such a period as it may deem fit, if the holder or employee of
the holder—’’; and

(b) by the insertion in subsection (2) after paragraph (a) of the following
paragraphs:

“(aA) has contravened a provision of this Act or the National Road
Traffic Act that is, in the opinion of that entity serious enough to
warrant the withdrawal, amendment or suspension;

(aB) has contravened any code of conduct for operators prescribed
under section 8(1)(fB), or if the drivers employed by that holder
habitually contravene any code of conduct for drivers so
prescribed;’’.

Amendment of section 81 of Act 5 of 2009

45. Section 81 of the principal Act is hereby amended by
the insertion of the following subsections after subsection (2):

“(2A) The prescribed particulars of applications for accreditation must be
published in the Gazette and interested persons must be given the opportunity to
comment on the applications within the prescribed period.

(2B) The National Public Transport Regulator must consider any comments
received under subsection (2A) before granting or refusing the application.”.

Substitution of section 84 of Act 5 of 2009

46. The following is hereby substituted for section 84 of the principal Act:

“Vehicles used for tourist transport services

84. (1) An accredited tourist transport operator may use any motor
vehicle to provide tourist transport services, provided that it is suitable for
those services and that an operating licence has been issued for it under
subsection (2), and that the vehicle displays a special token, tag, decal or
equipment issued by the National Public Transport Regulator in the
prescribed form and manner.

(2) The National Public Transport Regulator must issue an operating
licence for a vehicle to be used by an accredited operator in the prescribed
manner, either when accrediting the operator or on later application made
by an accredited operator, in the prescribed manner, using the prescribed
form and on payment of the prescribed fee, and on proof submitted to it in
the prescribed manner that—

(a) the vehicle is properly registered and licensed in terms of the National
Road Traffic Act;

(b) a valid and current roadworthy certificate has been issued for the
vehicle in terms of the National Road Traffic Act;

(c) the vehicle is suitable in all respects for the type of tourist service
envisioned;

(d) the vehicle and passengers who will be carried are adequately insured
with a registered insurer; and

(e) the vehicle is otherwise acceptable according to the National Public
Transport Regulator.

(3) Such an operating licence may be issued by an official of the
Department designated to do so by the National Public Transport Regulator.

(4) The National Public Transport Regulator may impose conditions
when issuing such an operating licence including, but not limited to, the use
and maintenance of the vehicle, which conditions must be specified on the
licence, and must issue with the licence a token, tag, decal or other
equipment as contemplated in subsection (1) or as prescribed.”.

Amendment of section 86 of Act 5 of 2009

47. Section 86 of the principal Act is hereby amended by the substitution in subsection
(1) for paragraph (b) of the following paragraph:
“(b) a [municipality to which the operating licence function has been assigned], Municipal Regulatory Entity as appointed by [that authority] the municipality concerned.”.

Amendment of section 92 of Act 5 of 2009

48. Section 92 of the principal Act is hereby amended—

(a) by the substitution for subsection (1) of the following subsection:

“(1) The following persons may appeal to the Transport Appeal Tribunal against [an] any act, direction or decision of [an] a regulatory entity [that has granted or refused an application relating to an operating licence], in the manner and within the time prescribed:”; and

(b) by the addition of the following subsection:

“(4) Where the decision contemplated in subsection (1) was taken by a Municipal Regulatory Entity, an appeal may be noted with the Transport Appeal Tribunal despite section 62 of the Systems Act.”.

Amendment of section 93 of Act 5 of 2009

49. Section 93 of the principal Act is hereby amended by the substitution for subsection (5) of the following subsection:

“(5) Any transport authority established in terms of the Transition Act will cease to be a juristic person independent from the relevant municipality or municipalities, on a date to be determined by the Minister, and those municipalities must amend or restructure their administration as soon as possible [after the determined date], to bring them in line with this Act.”.

Insertion of new sections 93A and 93B in Act 5 of 2009

50. The following sections are hereby inserted in the principal Act after section 93:

“Delays and exemptions

93A. (1) The Minister may by notice in the Gazette—

(a) delay the implementation of a provision of this Act for a transitional period not exceeding five years from the date on which this section comes into operation; or

(b) where practicalities impede the strict application or implementation of a specific provision of this Act, exempt the National Public Transport Regulator or any province, Provincial Regulatory Entity, municipality or Municipal Regulatory Entity from, or in respect of, such provision for a period and on conditions determined in the notice.

(2) A delay or exemption in terms of subsection (1) may—

(a) apply to provinces, Provincial Regulatory Entities, municipalities or Municipal Regulatory Entities generally; or

(b) be limited in its application to a particular—

(i) province or Provincial Regulatory Entity;

(ii) municipality or Municipal Regulatory Entity; or

(iii) kind of municipality, which may, for the purposes of this section, be defined in relation to a category or type of municipality or in any other manner.

Arrangements for public transport between district and local municipalities

93B. Any arrangements regarding municipal public transport between district and local municipalities that are contemplated in section 84(1)(g) of the Local Government: Municipal Structures Act, 1998 (Act No. 117 of 1998), are subject to this Act and any regulations or arrangements made under this Act.”.
Amendment of section 23 of Act 9 of 1989

51. Section 23 of the Legal Succession to the South African Transport Services Act, 1989 (Act No. 9 of 1989), is hereby amended by the substitution in subsection (1) for paragraph (a) of the following paragraph:

"(a) ensure that, at the request of the Department of Transport or a municipality, rail commuter services are provided within, to or from the Republic in the public interest, subject to the agreements contemplated in section 11(1)(c)(xix) of the National Land Transport Act, 2009 (Act No. 5 of 2009), and operational budget availability; and"

Repeal of sections 26, 26A and 27 of Act 74 of 1977

52. Sections 26, 26A and 27 of the Road Transportation Act, 1977 (Act No. 74 of 1977), are hereby repealed.

Short title

53. This Act is called the National Land Transport Amendment Act, 2016.
MEMORANDUM ON THE OBJECTS OF THE NATIONAL LAND TRANSPORT AMENDMENT BILL, 2016

1. BACKGROUND AND PURPOSE

The National Land Transport Act, 2009 (Act No. 5 of 2009) (“the principal Act”) was enacted to further the process of transformation and restructuring of the national land transport system initiated by the National Land Transport Transition Act, 2000 (Act No. 22 of 2000) (“the Transition Act”) and provide for related matters.

The principal Act was enacted in some haste in order to implement the Public Transport Strategy and Action Plan, 2007 and cater for the introduction of bus rapid transit (BRT) systems being introduced pursuant to that Strategy, as well as to provide certain arrangements for the 2010 FIFA Football World Cup. The parliamentary Portfolio Committee on Transport expressed the view when passing the principal Act that it should be revised to ensure that the relevant policy has been correctly captured and to cater for possible problems and issues that may arise with implementing the Act.

The principal Act has been in operation since December 2009 (some of its provisions since August 2009) and has met with a large measure of success in achieving its objectives, which included the consolidation of transport functions at the local level. However a number of issues, mostly technical in nature, have necessitated amendment of the Act as envisaged by the abovementioned Parliamentary Committee.

2. CLAUSE-BY-CLAUSE ANALYSIS

2.1 Clause 1: Amendment of section 1 of Act 5 of 2009

Clause 1 substitutes, deletes and adds certain definitions. New definitions of “accessible transport” and “targeted categories of passengers” are inserted to bring those concepts in line with international best practice. A new definition of “association” is inserted because regulatory entities will be required to keep certain information on operator associations and take it into account in managing operating licences. The definition of “metered taxi service” is amended to include electronic hailing or similar technology which may be used along with or instead of a meter, as will be prescribed by the Minister in regulations. A new definition of “municipal regulatory entity” is inserted to make the Act easier to read. A new definition of “non-motorised transport” is inserted as the Act is amended to provide more clearly for this concept. The definition of “integrated public transport network” is amended to make it clearer that such networks include integrated rapid public transport networks (IRPTNs) and BRT systems. Consequential amendments are made to other definitions.

2.2 Clause 2: Amendment of section 5 of Act 5 of 2009

Clause 5 is amended to require the Minister to promote measures to ensure the safety of pedestrians and passengers by means of regulations, guidelines or other measures.

2.3 Clause 3: Amendment of section 8 of Act 5 of 2009

Clause 3 amends section 8 of the Act to empower the Minister to make regulations on a number of additional issues, which include regulations on the process of negotiating with incumbent operators to establish contracts for integrated public transport networks, regulations providing for the needs of targeted categories of passengers, and regulations on codes of conduct for operators and drivers of public transport vehicles. Some consequential amendments are also made to section 8.
2.4 Clause 4: Amendment of section 9 of Act 5 of 2009

Clause 4 amends section 9 of the Act to empower the Minister to prescribe the information that must be contained in annual reports submitted by the MECs.

2.5 Clause 5: Amendment of section 10 of Act 5 of 2009

Clause 5 amends section 10 of the Act to empower the MECs to make regulations on colour coding and branding of public transport vehicles, subject to any regulations made by the Minister in that regard.

2.6 Clause 6: Insertion of new section 10A in Act 5 of 2009

Clause 6 inserts a new section 10A into the principal Act to provide for the promotion of accessible transport and non-motorised transport by the Minister, MECs and planning authorities.

2.7 Clause 7: Amendment of section 11 of Act 5 of 2009

Clause 7 amends section 11 of the Act to provide that municipalities may enter into new contracts for public transport services only where they meet criteria that will be prescribed by the Minister in consultation with the Minister responsible for local government matters. They must also follow procedures that will be prescribed in regulations.

Provisions have also been inserted to empower provinces to intervene, and if necessary, enter into the contracts themselves, where municipalities do not comply with the prescribed requirements or criteria.

The Department will be empowered to enter into the contracts which it will only do in exceptional circumstances where there are gaps and services are urgently required.

The powers of municipalities over financial planning of public transport are amended so that they will be exercised in consultation with state owned rail operators (PRASA and Transnet) in the case of rail matters.

The power of the Minister to assign the function of managing the “old order contracts” concluded under the Transition Act to municipalities is amended to provide that provinces will continue to manage them until new contracts are concluded under the principal Act, either by municipalities if they meet the prescribed criteria or by the province.

Section 11 is also amended to facilitate the process of converting the public transport contracts concluded under the previous Transition Act into new contracts. Other consequential amendments are also made to section 11.

2.8 Clause 8: Amendment of section 13 of Act 5 of 2009

Clause 8 amends section 13 of the Act to include members of the SAPS and traffic officers in the list of persons who may not have a financial or business interest in the public transport industry.

2.9 Clause 9: Amendment of section 15 of Act 5 of 2009

Clause 9 amends section 15 of the Act to provide that municipal intermodal planning committees must be established by a prescribed date and to clarify the functions of those committees. It is also amended to provide for those committees to facilitate appropriate service level agreements between the municipality and PRASA where there are significant passenger rail services in the area.
2.10 Clause 11: Amendment of section 17 of Act 5 of 2009

Clause 10 effects a consequential amendment to section 17 of the principal Act.

2.11 Clause 11: Amendment of section 18 of Act 5 of 2009

Clause 11 amends section 18 of the Act to clarify the functions of municipal regulatory entities (MREs).

2.12 Clause 12: Amendment of section 20 of Act 5 of 2009

Clause 12 amends section 20 of the principal Act to rationalise the appointment of members of the National Public Transport Regulator (NPTR) and to accommodate comments received from the National Treasury.

2.13 Clause 13: Amendment of section 21 of Act 5 of 2009

Clause 13 amends section 21 of the principal Act on the functions of the NPTR, to include additional functions. The NPTR must also keep information on minibus taxi associations and their members in relation to interprovincial transport, and on the routes operated by the various associations. The NPTR is also empowered to issue directives to PREs, MREs and planning authorities that are not fulfilling their obligations under the Act. The NPTR may also request the Minister to issue directives.

2.14 Clause 14: Amendment of section 23 of Act 5 of 2009

Clause 14 amends section 23 of the principal Act to rationalise the appointment of members of Provincial Regulatory Entities (PREs) to bring the section into line with section 20 on the appointment of NPTR members and to promote standardisation of PRE structures throughout the country. Also, the period of appointment of PRE members is limited to a maximum of five years.

2.15 Clause 15: Amendment of section 24 of Act 5 of 2009

Clause 15 amends section 24 of the principal Act on the functions of PREs to provide that PREs must keep specified information on minibus taxi associations and their members, and on the routes operated by the various associations. Those routes must correlate with the route descriptions in the relevant integrated transport plans (ITPs) of municipalities. This information must be taken into account in managing the issuing of operating licences.

2.16 Clause 16: Amendment of section 27 of Act 5 of 2009

Clause 16 amends section 27 of the principal Act to delete a redundant reference.

2.17 Clause 17: Amendment of section 35 of Act 5 of 2009

Clause 17 amends section 35 of the principal Act to provide that provincial land transport frameworks must be updated every five years, as opposed to the current two years.

2.18 Clause 18: Amendment of section 36 of Act 5 of 2009 Clause 18 amends section 36 of the principal Act to provide that in checking municipal ITPs, the MEC must ensure that other organs of state, e.g. SANRAL and ACSA, that are involved in provincial planning have followed the correct procedures etc. A paragraph is also deleted to remove duplication.

2.19 Clause 19: Amendment of section 39 of Act 5 of 2009 Clause 19 amends section 39 of the principal Act to provide that planning authorities must,
before rationalising services on routes, first apply law enforcement measures to prevent illegal operations and take steps under section 78 of the Act to cancel operating licences and permits that are not in use. At the request of Nedlac the options for planning authorities to take have been broadened so as not to be limited to the options currently in the Bill. The section is also amended to require that the planning authority must first consult with affected operators before taking those actions.

2.20 Clause 20: Amendment of section 41 of Act 5 of 2009

Clause 20 amends section 41 of the principal Act to insert various provisions that are currently found in the Regulations on Contracting for Public Transport Services, 2009 that were made under the Act. With reference to the requirement that negotiated contracts may be concluded “once only”, the amendment clarifies that one or more such contracts or a combination thereof may be concluded. Different contracts may be concluded with different operators on different routes, and the services may be increased or amended in a phased manner. They may also enter into stopgap contracts — see the notes on the new section 41A below. Procedures on making offers to incumbent operators that are contained in the regulations are inserted in the Act to avoid possible disputes and court challenges.

The power of the Minister in section 42 to prescribe requirements and provide model tender and contract documents for public transport service contracts is also extended to negotiated contracts under section 41.

2.21 Clause 21: Insertion of new section 41A in Act 5 of 2009

Clause 21 inserts a new section on stopgap contracts which may be concluded to ensure continuity of service while the municipality or province is negotiating with incumbent operators, or to cover situations where an incumbent operator ceases to operate. These contracts will be for a maximum of three years, which will not eat into the 12 year period allowed for the negotiated contracts that will be concluded.

2.22 Clause 22: Amendment of section 42 of Act 5 of 2009

Clause 22 amends section 42 of the principal Act to make the tendering requirement subject to section 80(1)(a) of the Municipal Systems Act, which provides that where a municipality has established a municipal entity (ME) to provide services, it is not required to put the services out to tender but may conclude a negotiated contract with the ME.

The power of the Minister to prescribe requirements and provide model tender and contract documents for public transport service contracts is amended to provide that the Minister may make them binding on contracting authorities.

2.23 Clause 23: Amendment of section 43 of Act 5 of 2009

Clause 23 amends section 43 of the principal Act on commercial services contracts to make the tendering requirement subject to section 80(1)(a) of the Municipal Systems Act (see 2.20 above).

2.24 Clause 24: Repeal of section 45 of Act 5 of 2009

Clause 24 repeals section 45 of the principal Act. The requirements and restrictions regarding municipal operators are no longer relevant because the Municipal Systems Act (MSA) allows a municipality to contract with MEs established by it and the issue is adequately regulated by the MSA and Municipal Finance Management Act (MFMA). Also, municipalities and municipal entities may not tender for services in areas outside of the area of jurisdiction of the municipality except in limited circumstances that are regulated by other legislation.
2.25 Clause 25: Amendment of section 46 of Act 5 of 2009

Clause 25 amends section 46 of the principal Act to provide that provinces or municipalities may negotiate with incumbent operators in the case of existing interim bus contracts, according to which of them is the contracting authority as determined by section 11 and regulations to be prescribed by the Minister.

The requirement to refer disputes in respect of interim contracts to mediation or arbitration is deleted, because court actions have shown that it is better to resolve disputes by normal court procedures. The parties to a dispute are free in any event to subject the matter to mediation or arbitration if they both agree. Also, the issue is dealt with by the terms and conditions of the relevant contract.

2.26 Clause 26: Amendment of section 47 of Act 5 of 2009

Clause 26 amends section 47 of the principal Act to extend the provisions on the conversion of permits to operating licences (OLs) that were issued under the Transition Act. The section is also amended to make it clearer that when an operator applies for renewal, amendment or transfer of a permit, there must be a simultaneous application for conversion of the permit. New provisions are inserted to empower the Minister to make regulations on procedures for conversion. Subsection (5) which prohibits the payment of subsidies to operators whose permits have not been converted is deleted, because of delays being experienced with the conversion process (the subsection was never brought into operation).

2.27 Clause 27: Amendment of section 48 of Act 5 of 2009

Clause 27 amends section 48 of the principal Act to remove the requirement that where the Minister makes regulations to integrate non-contracted scheduled services and convert them to commercial service contracts this must be done within two years. The process of doing so is expected to take much longer.

2.28 Clause 28: Amendment of section 49 of Act 5 of 2009

Clause 28 amends section 49 of the principal Act to clarify its provisions. The requirements that the planning authority must approve and that the replacing vehicle may not be more than 20% larger have been removed because these aspects are already covered by the Department’s requirements for recapitalisation. Subsection (3) is deleted because its provisions are already covered by section 47 and have been creating some confusion.

2.29 Clause 29: Amendment of section 51 of Act 5 of 2009

Clause 29 effects a consequential amendment to section 51 of the principal Act.

2.30 Clause 30: Amendment of section 53 of Act 5 of 2009

Clause 30 amends section 53 of the principal Act to make it clearer that staff services, as well as other types of public transport services, are exempt where no consideration or fare is charged, and to bring the exemption for farmers carrying their own workers into line with the other exemptions. It should be noted that the carrying of workers in goods compartments of goods vehicles and LDVs is covered in the National Road Traffic Regulations, 2000.

A consequential amendment is also made to subsection (2).
2.31 Clause 31: Amendment of section 54 of Act 5 of 2009

Clause 31 amends section 54 of the principal Act to limit applications made to MREs to services that will be provided entirely within the area of jurisdiction of the relevant municipality.

2.32 Clause 32: Amendment of section 56 of Act 5 of 2009

Clause 32 amends section 56 of the principal Act to provide that where a stopgap contract referred to above has been concluded, OLs must be issued to the operator to enable him/her to implement the contract, as is the case with other contracts concluded with contracting authorities.

2.33 Clause 33: Amendment of section 57 of Act 5 of 2009

Clause 33 amends section 57 of the principal Act to include two paragraphs that should have been included in the principal Act and to provide that regulatory entities must also take into account the fact that the applicant for an OL may have infringed codes of conduct that are prescribed by the Minister.

2.34 Clause 34: Amendment of section 59 of Act 5 of 2009

Clause 34 amends section 59 of the principal Act to correct the heading and to provide more clearly for types of applications that do not have to be advertised in the Government Gazette.

2.35 Clause 35: Amendment of section 60 of Act 5 of 2009

Clause 35 amends section 60 of the principal Act on temporary OLs to clarify that they can be obtained “over the counter” by a shortened procedure from an official or member of the regulatory entity delegated by that entity.

2.36 Clause 36: Amendment of section 62 of Act 5 of 2009

Clause 36 amends section 62 of the principal Act to delete the requirement that proof of insurance must be provided when an OL is issued, due to the 2008 amendment of section 21 of the Road Accident Fund Act 56 of 1996 providing that claims can no longer be brought against the owner or driver of a motor vehicle for death or personal injury.

2.37 Clause 37: Amendment of section 64 of Act 5 of 2009

Clause 37 amends section 64 of the principal Act at the request of some PREs to provide measures to prevent the abuse of charter services.

2.38 Clause 38: Amendment of section 66 of Act 5 of 2009

Clause 38 amends section 66 of the principal Act to provide that the Minister may prescribe requirements and standards for meters to be installed in metered taxis, and that the Minister may prescribe that electronic hailing applications or similar technology may be used either in tandem with or instead of a meter. The Minister may also prescribe requirements and standards for meters and electronic hailing and similar technology.

2.39 Clause 39: Amendment of section 67 of Act 5 of 2009

Clause 39 amends section 67 of the principal Act at the request of some PREs to provide measures to prevent the abuse of charter services.
2.40 Clause 40: Amendment of section 68 of Act 5 of 2009

Clause 40 amends section 68 of the principal Act to clarify the position in relation to staff services.

2.41 Clause 41: Amendment of section 73 of Act 5 of 2009

Clause 41 amends section 73 of the principal Act to clarify that the shortened process that applies on application to replace the vehicle specified in an OL will also apply where the replacing vehicle has the same capacity or is smaller than the replaced vehicle or does not exceed the capacity of the replaced vehicle by more than 40%.

2.42 Clause 42: Amendment of section 74 of Act 5 of 2009

Clause 42 amends section 74 of the principal Act to provide that an operator can replace a vehicle temporarily under an OL or permit also where the vehicle has been sold, stolen or destroyed and the operator is in the process of obtaining a replacement vehicle.

2.43 Clause 43: Amendment of section 75 of Act 5 of 2009

Clause 43 amends section 75 of the principal Act to delete subsection (3), as this provision should more appropriately be included in the Cross-Border Road Transport Act, 1998 (Act No. 4 of 1998).

2.44 Clause 44: Amendment of section 79 of Act 5 of 2009

Clause 44 amends section 79 of the principal Act to correct an omission and to provide that a regulatory entity may also withdraw, amend or suspend an OL or permit where the operator has contravened the Act or the National Road Traffic Act or has infringed codes of conduct that are prescribed by the Minister.

2.45 Clause 45: Amendment of section 81 of Act 5 of 2009

Clause 44 amends section 81 of the principal Act to provide that applications for accreditation by tourist transport operators must be published for comment in the Government Gazette.

2.46 Clause 46: Substitution of section 84 of Act 5 of 2009

Clause 46 substitutes section 84 of the principal Act to make it clearer that operating licences are only issued to accredited tourist transport operators and that they may use any vehicle for the tourist service as long as an OL is obtained and the vehicle complies with the requirements of that section. The process of certifying vehicles for use by such operators has been removed to clarify the position.

2.47 Clause 47: Amendment of section 86 of Act 5 of 2009

Clause 46 effects a consequential amendment to section 86 of the principal Act.

2.48 Clause 48: Amendment of section 92 of Act 5 of 2009

Clause 48 amends section 92 of the principal Act to provide that persons may also appeal to the Transport Appeal Tribunal in connection with applications relating to permits or to accreditation of tourist transport operators. The interrelationship between section 92 and section 62 of the MSA, which deals with inter-municipality appeals, is also clarified.
2.49 **Clause 49: Amendment of section 93 of Act 5 of 2009**

Clause 49 amends section 93 of the principal Act to make it clear that transport authorities established under the Transition Act (the eThekwini Transport Authority is the only one) must take steps in the meantime to incorporate that authority into the City’s administration.

2.50 **Clause 50: Insertion of sections 93A and 93B in Act 5 of 2009**

Clause 50 inserts a new section 93A into the principal Act to provide that the Minister may delay the implementation of certain provisions of the Act where practicalities require it. Similar provisions are found in section 177 of the MFMA.

It also inserts a new section 93B to provide that arrangements for public transport under section 84(1)(g) of the Local Government: Municipal Structures Act, 1998 (Act No. 117 of 1998), will be subject to the principal Act and any regulations or arrangements made under the principal Act.

2.51 **Clause 51: Amendment of section 23 of Act 9 of 1989**

Clause 51 amends section 23 of the Legal Succession to the South African Transport Services Act, 1989 (Act No. 9 of 1989), to provide that PRASA must provide passenger rail services at the request of municipalities, as well as at the request of the Department, subject to agreements to be concluded between PRASA and the relevant municipality. The aim of the amendment is to bring the Legal succession to the South African Transport Services Act in line with this Act.

2.52 **Clause 53: Repeal of sections 26, 26A and 27 of Act 74 of 1977**

Clause 52 repeals sections 26, 26A and 27 of the Road Transportation Act, 1977 (Act No. 74 of 1977). These sections are an overhang of the situation when that Act was assigned to the provinces in 1996 and have become redundant. The aim of the repeal is to bring the Road Transportation Act in line with this Act.

2.54 **Short title**

Clause 53 provides the short title of the Bill.

3. **DEPARTMENTS/BODIES CONSULTED**

A workshop to discuss aspects to be included in the draft Bill was held at the CSIR in Pretoria on 5th February 2013, to which a wide range of stakeholders was invited. A draft of the Bill was published for comment in the Government Gazette on 8 March 2013. A large volume of comments were received and considered by the Department, and incorporated where appropriate. Where appropriate, workshops or individual meetings were arranged to discuss the draft. A wide range of stakeholders was consulted in the preparation of the Amendment Bill, including the following:

- The Department of Cooperative Governance and Traditional Affairs (COGTA)
- The Department of Trade and Industry (DTI)
- The Department of Tourism
- The National Treasury
- The National Consumer Commissioner
- All provincial departments responsible for public transport
The Passenger Rail Agency of South Africa (PRASA)

The Committee of Transport Officials (COTO)

The Cross-Border Road Transport Agency (CBRTA)

Written comments were received from the following:

The National Treasury

PRASA

The Cross-Border Road Transport Agency

The Road Traffic Management Corporation (RTMC)

The SA Local Government Association (SALGA)

The eThekwini Metropolitan Municipality

The eThekwini Transport Authority

Mr Paul Browning

A number of meetings were held with the National Economic Development and Labour Council (Nedlac) around July 2014 when a task team was established to consider the Bill in detail. The task team suggested some changes to the Bill, which were incorporated as appropriate.

The Bill was sent to the State Law Advisors for scrutiny and they have given us a preliminary opinion.
The Bill was presented and approved by the Special Economic Sectors, Employment & Infrastructure Development Cluster (ESEID DG Cluster) Meeting on 22 April 2015.

The Minister of Cooperative Governance and Traditional Affairs wrote a letter to the Minister indicating the support regarding the Amendment Bill.

4. FINANCIAL IMPLICATIONS

The Bill proposes clarifications on roles and powers as well as expansions on definitions and is therefore not expected to have any additional financial implications that were not envisaged by the principal Act.

5. PARLIAMENTARY PROCEDURE

5.1 The Department is of the opinion that the Bill must be dealt with in accordance with the procedure established by section 76 of the Constitution as it deals with “public transport” envisaged in Schedule 4 to the Constitution.

5.2 The Department is of the opinion that it is not necessary to refer the Bill to the National House of Traditional Leaders in terms of section 18(1)(a) of the Traditional Leadership and Governance Framework Act, 2003 (Act No. 41 of 2003), since it does not contain provisions pertaining to customary law or customs of traditional communities.
