All affected stakeholders (relevant science councils), were consulted individually.

### 5. FINANCIAL IMPLICATIONS FOR STATE

There will be no cost implications for the State in relation to the implementation of the Act. The proposed amendments are purely of an administrative or technical nature.

### 6. PARLIAMENTARY PROCEDURE

6.1 The Department of Science and Technology and the State Law Advisers are of the opinion that this Bill must be dealt with in accordance with the procedure established by section 75 of the Constitution of the Republic of South Africa, 1996 (“Constitution”), since it contains no provisions to which the procedure set out in section 74 or 76 of the Constitution applies. In other words, the Bill does not deal with any matters listed in Schedule 4 to the Constitution (functional areas of concurrent national and provincial legislative competence) wherein the procedure set out in section 76 of the Constitution would apply.

6.2 The Constitutional Court, in *Tongoane and Others v Minister for Agriculture and Land Affairs and Others* CCT 100/09 [2010] ZACC 10 (11 May 2010), paragraph 72, stated that the procedure envisaged in section 75 of the Constitution remains relevant to all Bills that do not, in substantial measure, affect the provinces. It stated that whether a Bill is a section 76 Bill is determined in two ways. Firstly by the explicit list of legislative matters in section 76(3)(a) to (f) of the Constitution, and secondly by whether the provisions of a Bill in substantial measure fall within a concurrent provincial legislative competence.

6.3 The State Law Advisers are also of the opinion that it is not necessary to refer this Bill to the National House of Traditional Leaders in terms of section 18(1)(a) of the Traditional Leadership and Governance Framework Act, 2003 (Act No. 41 of 2003), since it does not contain provisions pertaining to customary law or customs of traditional communities.
