

National Assembly

Question Number: 809

Ms N Nolutshungu (EFF) to ask the Minister of Transport:

Are there any driverless cars on the country's roads; if not, are there any such plans; if so, what are the relevant details?

NW932E

REPLY:

There are currently no driverless cars on the country's roads. Yes, there are plans but not in the immediate due to policy and legislative amendments that would need to take place to bring about this realisation.
