MOTIONS:

1. Decision of question on draft resolution (Dr M A Maimane): That the House -

    (1) notes that the Department of Basic Education continues to maintain a minimum pass requirement of 30% in certain Grade 12 subjects, despite public concern that this low threshold entrenches mediocrity and fails to prepare learners for higher education or the job market;

    (2) further notes that in response to a written question by Build One South Africa (BOSA) in 2024, the Minister of Basic Education indicated that the newly established National Education and Training Council (NETC) would advise on whether and to what extent the Grade 12 pass requirements should be revised;

    (3) acknowledges that as of 28 August 2025, the Council has been formally constituted and operational, yet no public progress update has been provided on its review of the 30% pass mark policy;

    (4) recognises that South Africa's education system is in crisis, with a real matric pass rate of just over 55% when accounting for the high dropout rate, meaning nearly half of learners who start Grade 1 never reach Grade 12;

    (5) further recognises that only 47% of learners achieve a Bachelor's pass, and fewer than 15% of these learners progress to university, while South Africa ranks 107th out of 141 countries in global skills readiness;

    (6) observes with concern that systemic barriers contribute to poor educational outcomes, including:

        (a) 12 700 unemployed qualified teachers currently seeking work;

        (b) only 5 863 of South Africa's 22 511 public schools (26%) having libraries, meaning 74% of schools have none;

        (c) more than 500 schools not offering mathematics at all; and

        (d) 10 938 schools without flushing toilets, and 383 without running water;

    (7) believes that maintaining a 30% pass mark sends the wrong message to learners and educators alike, undermining a culture of excellence and lowering expectations for achievement, particularly in under-resourced schools;

    (8) further believes that the low pass benchmark, combined with widespread infrastructure deficits and teacher underutilisation,

perpetuates inequality between affluent and poor schools, especially in Quintile 1 to 3 communities;

(9) acknowledges that Parliament has a constitutional obligation to ensure that education policy promotes quality learning outcomes and prepares young South Africans for the demands of the modern economy;

(10) calls on the Minister of Basic Education to table before Parliament, within six months, a comprehensive progress report on the work of the National Education and Training Council regarding the review of minimum pass requirements for the National Senior Certificate; and

(11) further calls on Minister of Basic Education to ensure that the Department provides timelines and consultation processes for any proposed reforms to the pass mark policy, including how such reforms will benchmark South Africa's learner performance standards against international best practice and evidence-based global norms; and

(12) mandates the Portfolio Committee on Basic Education to convene follow-up hearings with education experts, teacher unions, and civil society to assess the impact of the current 30% pass threshold on learner outcomes and post-school readiness, and to evaluate whether the proposed reforms align with international competency and skills benchmarks.

2. Decision of question on draft resolution (Dr K Litchfield-Tshabalala): That the House -

(1) notes the discriminatory visa practices imposed on South African citizens by Western nations, including but not limited to the United States, the United Kingdom, the European Union member states, Canada, and Australia;

(2) calls on the Department of Home Affairs and the Department of International Relations and Cooperation to review current visa exemption lists and adopt a policy of reciprocity for all nations imposing visa restrictions on South Africans;

(3) encourages Southern African Development Community (SADC) and African Union (AU) member states to collectively develop an Africa-wide policy on reciprocal visa arrangements with Western states; and

(4) affirms South Africa's sovereignty and dignity in its foreign policy posture by treating other nations as equals and demanding the same in return.
