QUESTIONS FOR ORAL REPLY

TUESDAY, 11 NOVEMBER 2025

DEPUTY PRESIDENT

★19. Mr G Michalakis (DA) to ask the Deputy President:

Given that the Government has adopted four main priorities, what legislative items, as the Leader of Government Business in the National Assembly, does he intend to pursue in respect of the four priorities the Government adopted in its Medium-Term Development Plan for inclusive economic growth, poverty alleviation, reducing the cost of living and building a capable state? NO7115E

★20. The Leader of the Opposition (MK) to ask the Deputy President:

Whether, with reference to his responsibility to lead the Government effort to fast-track land reform, he intends to advocate in Cabinet for the approval of (a) amending legislation to section 25 of the Constitution of the Republic of South Africa, 1996, as a mechanism to fast-track land reform (details furnished) and (b) backdating the date for land claims to 6 April 1652 instead of the current date of 19 June 1913, so that the land redistribution programme achieves its intended transformative effect; if not, what is the position in this regard; if so; what are the relevant details in each case? NO7118E

★21. Mrs D E Mpapane (ANC) to ask the Deputy President:

Given that the majority of Communal Property Associations (CPAs) are dysfunctional and are struggling due to a lack of government support resulting in the deterioration of these institutions which carry ageing leadership of over 50 years old, indicating a generational gap and lacking younger leadership to drive these associations forward, while it is also beset with internal factionalism, mismanagement and corruption, yet they remain critical stakeholders in land reform programmes, what strategies has he therefore implemented in his efforts to fast-track land reform and overcome the imminent specified challenges faced by CPAs, which have led to the failure of various land reform programmes that negatively impacted the productivity and success of land reform efforts?

NO7116E

★22. Mr J S Malema (EFF) to ask the Deputy President:

Whether he has found that the public pronouncements and policy statements of political parties and/or organisations represented within the Government of National Unity (GNU) on key economic matters that reflects a fundamental disagreement within the GNU and which contributed to the previous budget impasse, represents a GNU that is united and coherent in its approach to economic policy formulation and implementation; if not, what steps does he intend taking to ensure that the country is not governed by a disjointed Executive without coherent economic direction, which economic programme and government business he is ultimately responsible for facilitating in the National Assembly as the Leader of Government Business; if so, how does he reconcile the conflicting public positions of political parties and/or organisations on economic policy (details furnished) within the GNU?

NO7120E

★23. Mr N M Hadebe (IFP) to ask the Deputy President:

In light of the growing influence of organised drug cartels across the Republic, which threatens the Republic's national security and community safety, what concrete steps is the Cabinet Committee on Justice, Crime-Prevention and Security taking at a national level, to strengthen the coordination among law enforcement, intelligence and border agencies to dismantle the criminal networks and curb the flow of drugs into the Republic?

NO7119E

★24. Ms A S Hlongo (ANC) to ask the Deputy President:

Given that the District Development Model (DDM) is critical for microeconomic development to ensure inclusive economic development and localised job creation, which connect people to markets and markets to each other to create economies of scale for urban and rural industrialisation in order to enhance small-, medium- and micro-enterprises, what (a) progress has been made to date in the development of the DDM model and (b) are the critical challenges to overcome to ensure the successful implementation of the DDM model?

NO7117E
