## QUESTIONS FOR ORAL REPLY

**THURSDAY, 12 NOVEMBER 2020**

### PRESIDENT

**★ 13. The Leader of the Opposition (DA) to ask the President of the Republic:**

With reference to his statement in his State of the Nation Address on 13 February 2020, that the Government has acted decisively against state capture and fought back against corruption, what are the specified relevant details of the main steps that the various law enforcement agencies involved with the identification and prosecution of state capture and corruption have taken in response to the measures implemented by the Government since 25 May 2019?

NO3262E

**★ 14. Mr J S Malema (EFF) to ask the President of the Republic:**

Whether his insistence to fight the Public Protector in court, in order to seal bank statements of accounts of persons who contributed to his campaign to be elected as the president of his political organisation, undermines the Government's fight against rampant corruption; if not, does it not set a precedent for corrupt people to use the courts to seal bank statements with questionable transactions; if so, should he not demonstrate the importance of transparency by allowing the bank statements to show that he has nothing to hide?

NO3261E

**★ 15. Mr A M Seabi (ANC) to ask the President of the Republic:**

Given that the health and economic crisis caused by the Covid-19 pandemic has laid bare the relative lack of basic services which continue to beset many communities in rural and underdeveloped areas and that the dignity of all South Africans can only be restored through access to water, sanitation and adequate housing, how will the Economic Reconstruction and Recovery Plan address the challenges of basic services to ensure access to water, sanitation and the creation of human settlements that will address our segregated spatial landscape? NO3172E

**★ 16. Mr M G E Hendricks (Al Jamah-ah) to ask the President of the Republic:**

Given that the Republic's Muslim community has positioned itself as a peaceful community, what (a) is the Government's position regarding the orchestrated news reports and persistent campaigns that circulate negative notions of Islam which harm the Muslim citizens' image and the social cohesion of the Republic through the damaging remarks about the insurgence by dissident guerrillas belonging to Renamo in Mozambique, the harmful court decision that led to the banning of the Adhan or the Muslim call to prayer that echoes God's greatness in selected areas across the Republic and the preposterous claims that a few Muslims residing in the Republic want to assassinate the United States of America's ambassador and (b) steps will be taken against those who continuously stir sentiments of Islamophobia by falsely, if not deliberately, spreading rumours that extremist groups, alleged to be adherence of Islam, are on the rise within certain areas of the Republic? NO2733E

**★ 17. Mr G J Skosana (ANC) to ask the President of the Republic:**

Given that the promise of the post-colonial era did not deliver prosperity and freedom from want to the millions of people in Africa and that recently several forecasts have predicted rapid growth and development of the African economies in the 21st century, what (a) role does he see South Africa play in accelerating inclusive economic growth in Africa and (b) steps can the Government take to help South African entrepreneurs, particularly black persons, women and youth, benefit from the localisation drive and increased intra-Africa trade in order to make this a truly African century? NO3173E

**★ 18. Adv B T Bongo (ANC) to ask the President of the Republic:**

What further steps will the Government take to address the polarisation of the society, especially along racial lines, which undermines the nonracial and united character of the Republic as illustrated by the recent protests in Senekal following the brutal murder of a farmworker which have raised serious issues about the agenda of building a nation united in its diversity? NO3174E
