OPERATION VALA ZONKE

Aim of the Program

The programme was launched on the 8th August 2022 by the Minister of Transport. Vala Zonke is a labor-intensive programme to fix potholes throughout South Africa.

The rollout of this programme is the implementation of an integrated, rigorous and comprehensive plan that will drive interventions to ensure that the Department of Transport improves the overall condition index of roads at local and provincial authorities.

The progress to date can be classified as follows:

1. Work opportunities – 80 (Gasegonyana Municipality - CBD District Kuruman from 1 September 2022)
2. Achievement (2022/23) - 3240.18m²
3. Targeted areas
 - 3.1 Provincial road network (JTG District)

S'HAMBA SONKE PROGRAMME

PROJECT NAME: SIDE WALK PAVING IN BATLHAROS (PHASE 2)

The S'hamba Sonke Programme (Moving Together : Accelerating Rural Development Through Access and Mobility) specifically addresses the concern to address the ongoing deterioration of South Africa's secondary (provincial) road networks within a road construction and maintenance methodology that is both labour absorptive and meets the criteria of the Integrated Transport Sector Code (August 2009) and the Construction Sector Code (June 2009).

See project below.
