RE: Call for nominations for members to serve on the Pan South African Language Board (PanSALB)

I highly express the name of Dr. Dyantyi Vuyo because of his leadership skills, communication and analytical skill have honed through my eyes to listening to him during the pansalb meetings.

Free State campaigns were so successfully. This strengthens that allowing him to collaborate effectively with diverse stake holders and drive the mission and vision for pansalb. I am enthusiastic the opportunity to afford him the second term to contribute his knowledge and energy to pansalb projects.

Has been a teacher for 33 years teaching languages especially isiXhosa. I am quite eager to see him in the pansalb campaign in the Free State province and Eastern Cape.

Yours faithfully
