

## PROGRESS REPORT TO NATIONAL COUNCIL OF PROVINCES ON N14 INCOMPLETE HOUSES & N12 JAKARANDA INCOMPLETE HOUSES

#### **HOD MK MAHLOBO**

Let's grow
North West
together

#### **BACKGROUND**

- The province is implementing a few projects in N14 and N12
- The projects being implemented range from bulk services, internal services and top structures.
- The two projects are flagship and catalytic projects

#### **DISCUSSION: N12 DEVELOPMENT**

- The N12 project meant to address housings needs for the Jacaranda community was slowed down due to contractual issues.
- The Department has since taken over implementation of 1667 top structures from Matlosana Municipality and currently there are four sub-contractors on site and a detailed progress is outlined in this presentation

#### **DISCUSSION: N14 DEVELOPMENT:**

- The N14 Development is a provincial flagship project
- The initial project in Touvleg meant to deliver 360 units slowed down due to a number of reasons i.e., the contractor having financial challenges and some of the sites being located in a wetland. The contractor has since resolved his financial issues and the project is now on progress

#### **DISCUSSION: N14 DEVELOPMENT: CONT:-**

- Installation of internal services on Tshing Extension 9 & 10 has been completed
- Appointment and introduction of a contractor to undertake bulk services augmentation in Tshing Ext.9 and 10 has been done
- The Department is currently appointing five services providers to construct 1500 houses in Tshing Ext.9

#### **DISCUSSION: N12 DEVELOPMENT**

- Matlosana N12 West development is a catalytic Integrated Human
   Settlements Project implemented by the City of Matlosana Local Municipality.
- The project is funded through the HSDG by the National Department of Human Settlements under the Northwest Department of Human Settlements as a multi-year contract. This project's aim and objective is to address approximately 38 500 housing backlog which Matlosana has. The expenditure and performance of this project is monitored by project structure denoted as the Technical Task Team (TTT) and chaired by the Provincial Engineer. This project structure (TTT) comprises of all the relevant stake holders (NDHS,NWDHS, HDA, CoMLM and Developer).
- In monitoring whether the quality work has been produced, the TTT has monthly
  meetings were they look at inspections conducted against work done on the
  ground and approve payments.

#### **DISCUSSION: N12 DEVELOPMENT**

- Construction of 6812 BNGs
- Construction of 3025 Social Housing
- 6 Business Stands (12,9 ha)
- 10 mixed land use stands (18,3 ha)
- 2 Primary Schools
- 1 Secondary school
- 2 Community Facilities
- 9 Creches
- 12 Churches
